G.O. No. 769 P.H.

2

Dated 12-3-48

MALARIA - T.P. - Malaria control and P.H. measures
Debit of expnditure on staff etc. under items A.B. and C in
paragraph (1) of G.O.1556 P.H. dated 12-6-45 + orders passed

[Despatch Abstract.]

No.TBP/PA/Admn.69.

Office of the Audit Officer,
Tungabhadra Project, Hospet Da
Dated the 6th August 1947.

From

The Audit Officer,
Tungabhadra Project, Hospet Dam.

To

The Secretary to the Government of Madras,
Education and Public Health Department,
Fort St. George, Madras.

Sub:- Allocation of the expenditure on Public Health
Establishment~~s~~ employed in connection with the
Tungabhadra Project between "Headworks" and "Canals".

...

Sir,

I have the honour to invite a reference to paragraph 7 of the G.O.No.1556 P.H. dated the 12-6-45, in which it has been laid down that the expenditure on staff etc. under items A, B and C in paragraph 1 of that G.O should be debited to "68. Construction - Irrigation works" and that on the staff under items D and E to "39. Public Health". In their subsequent order No.2234 P.H. dated the 26-7-46, Government have prescribed that the expenditure on equipment, appliances and contingencies referred to in paragraph 6 of the order dated the 12th June 1945 should be apportioned between "68. Construction etc." and "39-Public Health" in the ratio of 2:1. No such allocation has, however, been made in respect of establishment charges referred to under "A. Central" notwithstanding the fact that these establishments ~~charges-referred-to~~ ~~under-"A.Central"~~ function not only for work connected with the Project but also for general work of the Public Health Department. If it is the intention that the charges on account of establishments under the head "A.Central" should also be allocated, the ratio of such allocation may kindly be intimated to audit.

As regards the charges debited "68. Construction under paragraph 7 of the G.O. dated the 12th June 1945, the Chief Engineer has allocated these charges further between "Headworks" and "Canals" in the manner communicated in his letter No.118/47-P/dated the 10th May '47 (copy enclosed.) The net result of such allocations in the manner aforesaid will be that all the charges on account of Public Health Establishment in connection with the Project hitherto booked under "68 etc. -f. Special Establishment - Other Establishments" will be shown under "O.Miscellaneous - Sanitation" under the sections, "I. Headworks" and the corresponding section under "II. Power Canals" and "III. Low Level Canals". In order to enable this office to conduct the appropriation audit and the departmental controlling authorities to exercise control over expenditure, it is necessary that the figures shown in the detailed Irrigation Budget under the various sub-heads of account under "68(e) works" and "68.f.A. Special Establishments - Other Establishments" should suitably be revised in accordance with the principle of allocation ~~suggested~~ suggested in the foregoing correspondence and a copy of the revised figures may be communicated to audit and the controlling authorities for necessary action.

Yours Obedient servant.

 Audit Officer

P.T.O.

Abstract

From the Audit Officer No.TBP/PA/Adm.69 dated the 6th August 1947
From the Chief Engineer, Irrigation letter No.118/46-P.52
dated 7-10-47.

ORDER: In partial ~~amend~~ modification of the orders contained in paragraph (7) of G.O.No.1556 Public Health dated 12-6-45 the Government direct that the expenditure on staff etc. under items A, B and C in paragraph (1) of the G.O. referred to, be allocated between "68 Construction of Irrigation etc, works - Tungabhadra Project" and "39. Public Health" in the ratio of 2:1.

T.GOVINDA MENON,
Deputy Secretary to Government
